Call for Presenters

Alaskans For Language Acquisition
2009 Statewide Conference

October 2 - 4, 2009

Share your expertise with us for the 2009 AFLA
State Conference to be held near Fairbanks at
Chena Hot Springs Resort.

Each year AFLA hosts a statewide conference to provide an opportunity for world language teachers to expand their horizons without traveling out of state for teaching ideas and exposure to national experts. In addition to inspiring one another and catching up on language acquisition pedagogy, we gather to see friends from all over the state. Success of the conference is dependent not only on speakers we can bring to Alaska, *but on the expertise we have to offer each other.*

We invite you to submit a title and description for a
45/60 minute presentation.

You may opt to present your workshop for more than one session.
Please submit your title and brief description on the reverse of this page.

On behalf of AFLA, I thank you very much!

Dorena Montgomery
AFLA President
